**7 Choose where to put your money**

You can put your money in an investment and/or cash option. Future contributions and withdrawals will be allocated to help bring your account to your target allocation of cash and investment balances.

Please read the ABLE for ALL Savings **Plan Disclosure Booklet** for important information about the cash and investment options before making a decision.

If you decide to invest, you have to allocate at least 10% of your money to the investment.

**With an investment allocation**

- This portion of your money is usually set aside for longer term investment.
- There's the risk of losing money, even your contributions, but you may also gain money over time.
- Each option has varying degree of risk, going up and down in value depending on the market.
- It can take up to 5 – 7 business days to receive money once you start a withdrawal.
- Learn about the three portfolio options, ABLE Conservative, ABLE Moderate, and ABLE Aggressive in the **Plan Disclosure Booklet** before you pick one in the next step.

**With a cash allocation**

- This portion of your money is usually set aside for short term saving or on-going spending needs.
- There's low risk, but minimal or no interest.
- The account is FDIC insured up to the allowable amount.
- It can take up to 3 – 5 business days to receive money once you start a withdrawal.

How would you like to allocate your money?  
(Must equal to 100%)

	%
<b>Invested</b> (Must be either 0% or at least 10%)	
	%
<b>Cash Option</b>	

If you invested, fill out **Step 8**. If you chose not to invest and put all of your money in the cash allocation, you can skip to **Step 9**.
